COMPANY PROFILE

Ansar Industries is one of the pioneers in the manufacture of herbal extracts in both dry extracts as well as soft extracts established since 1973 in India. Ansar Industries has been an instrumental in actively promoting the use of standardized herbal extracts by the pharmaceutical, dietary supplements and cosmetics industries.

Being one of the oldest and most experienced manufacturers in this trade, Ansar Industries has made a significant contribution in popularizing the benefits and use of herbal extracts on a global scale.

All this is a result of continuous research and development over the past 25 years, which has helped Ansar Industries to standardize the plant extracts with respect to active ingredients and therapeutic activity.

QUALITY POLICY

The company has a well-furnished drug approved laboratory which carries out , TLC, UV, Karl Fisher and if necessary it can also perform HPLC and HPTLC tests as per client's request

The deionised water used in production process along with other preventive measures assures the highest quality of finished products, which confirm to USP standards of microbiological parameters and heavy metal contents. The finished products are analysed in both in house and independent laboratories.

Ansar Industries
HEALTH WITH HERBS

MANAGEMENT

The core management team comprises of:

- **Mr. Esmail F. Zakvi B. Sc. (Hon) D.B.I.M.: Chief Executive**
- **Mr. Hatim A. Zakvi M Sc.(Bio-Informatics) B.Sc (Botany)**
Chief in charge, Purchase and administration :
Having experience of administration, finance and in procurement of Raw Material from the main growers and original source also.
- **Mr. Abdulkadir E. Zakvi M.Sc(Bio-Informatics), B.Sc (Chemistry)**
Chief in-charge of production and R & D.
The team is assisted by highly qualified and experienced technical personnel in sales, production and quality control.
